## PROFESSIONAL SUMMARY

Computer Science student with hands-on experience in full-stack web development. Skilled in building responsive applications using modern technologies with a focus on clean code and problem-solving. Seeking a Software Engineering role to apply technical skills and grow as a developer.

## KEY EXPERTISE

Web Technologies & Frameworks: HTML, CSS, JavaScript, React.js, Node.js, Express.js, Bootstrap

Tools & Technologies: Git, GitHub, REST APIs

Languages: JavaScript, Java

Cloud: AWS(EC2, S3, IAM, VPC, RDS)

Database & APIs: MongoDB, RESTful APIs, CRUD operations

## EDUCATION

### Medicaps University

2022 - 2026

B.Tech. - Computer Science & Engineering | CGPA: 7.32 / 10

### Annie Besant School, Indore

2022

12<sup>th</sup> | CBSE | Percentage: 67.80 / 100

### Annie Besant School, Indore

2020

10<sup>th</sup> | CBSE | Percentage: 70.40 / 100

## INTERNSHIPS

### Uniinfo Telecom Services Limited | Core Engineering

08 Jun, 2025 - 08 Oct, 2025

Technical intern

Developed and maintained scalable, responsive web applications. I actively collaborated in designing frontend interfaces using React.js and Bootstrap, responsive design. I built and integrated RESTful APIs using Express.js and managed data efficiently with MongoDB, enabling seamless client-server communication and reliable data operations.

### Istudio | Core Engineering

04 Jan, 2025 - 21 May, 2025

Web Design Trainee

My role involved actively contributing to the development of visually appealing, user-friendly, and responsive web applications. I worked extensively with HTML, CSS, and JavaScript to structure, style, and add dynamic interactivity to web pages.

## PROJECTS

### Notesphere (Peer To Peer Notes Sharing)

**Key Skills:** MERN technology

Built a responsive React-based user interface with full CRUD functionality for notes management, ensuring seamless user interaction and data consistency. Designed and implemented RESTful APIs using Node.js and Express.js to handle business logic and server-side operations, with MongoDB used for efficient data storage and retrieval.

### Villa (Brokerage Web Application)

**Key Skills:**

Built a full-stack Villa Brokerage web app with dynamic dashboards, property search/filter, and secure user authentication.

Villa is a real estate brokerage web application designed to streamline property management and discovery for both buyers and sellers. The platform enables users to efficiently browse, search, and filter properties available for sale or rent through an intuitive and user-friendly interface.

## Portfolio

**Project Link:** <https://tanya1-tech.github.io/portfolio2/>

Designed and developed a personal portfolio using HTML, CSS, and JavaScript / React. Showcased projects, skills, and achievements, implemented responsive design and smooth UI/UX
